Where does Bread stand?

Bread for the World supports effective policies that promote help and opportunity for people who struggle with hunger and poverty. In 2017, Congress must do its part to put our nation and the world on track to end hunger by 2030. This means:

1. Raising the minimum wage and expanding job benefits, such as paid sick and family leave
2. Reforming our criminal justice system by reducing the number of incarcerated people, ensuring access to effective prison and re-entry services, and giving people who have paid their debt to society a chance to get a job
3. Reforming the broken immigration system and allowing a path to citizenship
